S.A. firm picked to do The Broadway interior

Koontz McCombs has picked a San Antonio firm to help create The Broadway, its 20-story condo development.

Baxter Design Group will design the interior of the building at Broadway Street and Hildebrand Avenue, which will include 88 units ranging from 1,262 square feet to 5,841 square feet.

Debbie Baxter, the firm's owner, has spent 25 years as a designer and has been featured on HGTV's "Interiors by Design" and in the New York Times and Texas Monthly.

Baxter is a licensed Texas interior designer and a member of the American Society of Interior Design.

"We are thrilled that Koontz McCombs has chosen us to help bring their vision of world-class luxury and style to life," Casey Roy, managing director of design at Baxter, said in a release.

Some of Roy's past projects have included the Bellagio Hotel in Las Vegas and the Westin La Cantera Resort San Antonio.

Condo units will range from one to three bedrooms and will start at \$600,000.

The project is scheduled to be finished in late 2009.
